SUPER HANDYMAN

BY AL CARRELL AND KELLY CARRELL

SHOPTALK: Cold, wet weather will be coming soon, so get ready. We found a super anti-slip aid called **Handi-Ramp Non-Skid Tread Strips**. They're made of extruded aluminum that is dimpled for heavy texture. They are made to last a lifetime and won't wear out, peel off or rust. They come in a variety of lengths and widths, and can be used on stairs, decks, ramps, handrails and many other places, both indoors and out. They can be easily installed on wood, concrete or aluminum surfaces. If you need additional information, see them online at www.handiramp.com or call (800) 876-RAMP.

Got a question or a handy tip? Visit our Web site at www.thesuperhandyman.com.
