### **Expanded Steel Covers** *Only 14 Cents per square inch up to 24"x36"!!*

Handi-Ramp® Custom Window Well Covers will fit any design of window well.

Custom, made to fit, window well covers feature an expanded steel construction and optional security extras. These heavy duty window well covers provide security by eliminating external access to your window well and into your home. Our window well covers will provide you with the safety and protection you need at a cost you can afford. Prevent unwanted visitors with this great line of first defense.

\*\*\*All Expanded Steel Window Well Covers are painted a standard black. Contact us for custom colors\*\*\*

Please feel free to call on us for any help you may need in measuring your window wells. Our expert staff will provide any assistance that is required.

Handi-Ramp® Custom Window Well Covers will fit any design of window well including:

- Round Metal • Straight Metal • Square Metal •
- Rectangular Masonry • Circular Masonry •

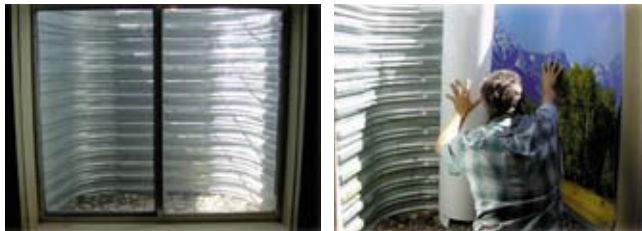

Best of all the price for our custom fit Window Well Cover is competitive with the thin plastic covers sold at hardware stores.

## Polycarbonate Covers

These window well covers, like our expanded steel covers, are designed to be durable and strong. They prevent weather, debris, animals, and people from falling into your window wells. Our polycarbonate, plexi glass style, window well covers are designed to allow the maximum amount of light to pass through. A great feature of the covers is that they are UV inhibited for great protection that will last many years. Installation is a cinch with our simple step by step instructions.

### Product Features:

- Can support up to 350 lbs.
- Keep children and animals safe
- Sunlight passes through to your basement
- Designed to provide an easy emergency exit
- Help prevent basement flooding
