

# **STOP THE SLIP™**

## Application Instructions

### Anti-Slip Grit Tread

1. Testing of adhesion to surface should be done before installation.
2. Do not apply GRIT TREADS when surface temperature is below 50 degrees Fahrenheit.
3. Fill in cracks, seal porous surfaces and repair to a smooth finish, as required, avoid application to grout areas.
4. Always apply GRIT TREADS to a clean, dry, wax and oil - free surface. Allow ample time for drying.
5. Peel off protective release paper from GRIT TREADS.
6. Press GRIT TREADS to prepared surface. Bond is increased by using a rubber hand roller.
7. GRIT TREADS are ready for immediate use, no need to wait.
8. Keep GRIT TREADS clean. Use mild floor cleaners as directed.
9. Application to porous surfaces is not recommended.
